19.0 PHOTOGRAPHIC REPORT

19.1 INTRODUCTION

This report provides the Photographic Report 32 Smith Street and 93-95 Phillip Street, Parramatta NSW

Icon Project Management Pty Ltd on behalf of GPT RE Ltd commissioned the Archaeological Management and Consulting Group (AMAC) to prepare a Final Archaeological Report. This is the Photographic Report component of this report.

This document and the photographs taken conform to the Heritage NSW guidelines on photographic recording published 2006. This report includes film and digital technology as deemed acceptable by Heritage NSW. A range of digital photographs have been included. The specific requirements on photographic equipment, archivally stable materials and photographic method aim to ensure optimum survival of the photographic record have been met.

Photographs taken at 32 Smith Street and 93-95 Phillip Street, Parramatta NSW were taken as an archival record. They were taken to record the excavation process, stratigraphy, significant artefacts found in-situ and to monitor demolition works. Photographs were taken in both JPEG and CR2 (RAW) file formats.
